# ACADEMIC SKILLS TRAINING

Online Academic Skills Course (OASC)

## Build Skills in Math, English, and Science

The Department of Defense (DoD) Voluntary Education (VolEd) Program, through the Defense Activity for Non-Traditional Education Support (DANTES), offers on-line, self-paced, academic skills training to help military members gain the knowledge they need to complete education credentials and college degree programs; advance in their military careers; and successfully transition into the civilian workforce.

The Online Academic Skills Course (OASC) course provides easy-to-use instruction to help service members build foundational academic skills in math, English, and science. It can be used as a stand-alone course or as a supplement to other educational resources. Service education counselors can also register for an educator account to track a student's progress and provide further guidance.

Get ready to ace your exams and advance your career!

## SELF-PACED, FLEXIBLE LEARNING

- 24/7 access to lessons, videos, and knowledge checks
- Individually-customized course design skips content already known
- Mobile app with off-line course material allows you to study anywhere

## IMPROVES KNOWLEDGE & TEST SCORES

- Increase college readiness
- Predictive technology forecasts test scores
- Avoid remediation and earn placement into college level courses
- Earn certificates of completion to qualify for officer training or other career fields
- 20% improvement on Armed Forces Classification Test (AFCT)

## ACCESS REAL-TIME SUPPORT

- No cost video tutoring
- Academic Help Desk via email
- Downloadable e-books with tips
